

# Hatsuyuki. ICE SHAVER

Enjoy 90%+ profit margin from only a small amount of space. Not only is each unit compact (size), but easily installed and very simple to operate. Hatsuyuki's unique blade adjustment control gives you a choice in the ice texture. From coarse and grainy to light as fresh fallen snow. If you're looking for a cool item for hot profits, look at Hatsuyuki.

Shaved ice is not crunchy, but fluffy, light and flavorful.

Operation stops automatically when the lid is opened.

Start with "SNAP ON"

## HF50DC DC 12V BLOCK ICE SHAVER

Recommended for outdoor use by a battery. Cart business, amusement parks, stadiums, concession trailers, recreation centers.

A 40AH (amp/hour) deep cycle (marine) battery allows HF50DC / HC8EDC to shave 400 SERVINGS or more of ice by overnight charge.
